3A Reduce and address displacement

Individual Commitments

Commitment Description	Commitment Type	Core Responsibility	Commitment ID
The OECD will support member countries to strengthen integration programmes for refugees and their children and to explore ways to better use alternative legal channels, in complement to resettlement, to facilitate safe and orderly migration for people in need of protection.	Operational	Leave No One Behind	231005
The OECD will support members to deliver on commitments made at the 2016 Development Assistance Committee High Level Meeting, i.e. OECD members commit to enhance the effectiveness of ODA to respond to the refugee crises and to sharpen their focus on identifying and addressing the root causes of conflicts, forced displacement, and refugee flows. 4C Deliver collective outcomes: transcend humanitarian-development divides

Individual Commitments

Commitment Description	Commitment Type	Core Responsibility	Commitment ID
The members of the International Network on Conflict and Fragility commit to implement the Stockholm Declaration commitments to provide smarter, more effective, and more targeted development support in fragile and conflict affected situations, especially in protracted humanitarian crises and to work more closely with development and humanitarian actors and promote increased incorporation of conflict-sensitive and longer-term development approaches and financing into humanitarian operations in protracted crisis situations to achieve context appropriate collective outcome by	Policy	Change People's Lives: From Delivering Aid to Ending Need	231001

investing in capacity building of local organisations and actors; actively sharing data between humanitarian and development organisations and actors and using that data and knowledge to inform shared multi-hazard risk and context analyses and to monitor the achievement of collective and sustainable outcomes; providing the right operational incentives for different actors to work more coherently over multiple years; focusing financial and political investments on the reduction of fragile situations and in the prevention and peaceful resolution of conflicts; securing the participation and involvement of crisis affected people and communities in the planning and implementation of humanitarian and development initiatives, and heeding their voices; supporting the creation of an enabling environment for viable local economies; empowering field staff to plan, make decisions, and adapt programming, in consultation with local actors and to suit the needs of rapidly evolving environments. To demonstrate the shared commitment to the implementation of the Stockholm Declaration, members will initially focus on implementing these actions in five to ten countries, incorporating these efforts in existing International Dialogue co-ordination processes where possible. In these countries, members will monitor the effectiveness of efforts, celebrate successes and learn from failures, aiming to progressively expand, as appropriate, this new way of working and financing by 2020.

5B Invest according to risk

5E Diversify the resource base and increase cost-efficiency

Individual Commitments

Commitment Description	Commitment Type	Core Responsibility	Commitment ID
<p>The OECD commits to set up a clear, transparent, and inclusive process to improve the consistency, comparability, and transparency of reporting of ODA-eligible, in-donor refugee costs, by aligning respective OECD members' methods for calculating these costs.</p>	Operational	Invest in Humanity	231002

The OECD will support its members to deliver on the commitments made at the World Humanitarian Summit, and monitor their progress, including through OECD Development Assistance Committee peer reviews. As part of this, the OECD will monitor progress in delivering the Grand Bargain, and help members translate existing knowledge, new thinking and innovative approaches into other good donorship practices, supporting OECD members' role to provide the right finance, through the right partnerships, at the right time; to provide oversight to enhance the effectiveness of humanitarian operations and humanitarian agencies; and to provide incentives for closer collaboration on the ground.

Core Commitments

Leave No One Behind

LEAVING NO ONE BEHIND - A COMMITMENT TO ADDRESS FORCED DISPLACEMENT

- Commit to a new approach to addressing forced displacement that not only meets immediate humanitarian needs but reduces vulnerability and improves the resilience, self-reliance and protection of refugees and IDPs. Commit to implementing this new approach through coherent international, regional and national efforts that recognize both the humanitarian and development challenges of displacement. Commit to take the necessary political, policy, legal and financial steps required to address these challenges for the specific context.

Change People's Lives: From Delivering Aid to Ending Need

CHANGING PEOPLE'S LIVES - FROM DELIVERING AID TO ENDING NEED

- Commit to a new way of working that meets people's immediate humanitarian needs, while at the same time reducing risk and vulnerability over multiple years through the achievement of collective outcomes. To achieve this, commit to the following: a) Anticipate, Do Not Wait: to invest in risk analysis and to incentivize early action in order to minimize the impact and frequency of known risks and hazards on people. b) Reinforce, Do Not Replace: to support and invest in local, national and regional leadership, capacity strengthening and response systems, avoiding duplicative international mechanisms wherever possible. c) Preserve and retain emergency capacity: to deliver predictable and flexible urgent and life-saving assistance and protection in accordance with humanitarian principles. d) Transcend Humanitarian-Development Divides: work together, toward collective outcomes that ensure humanitarian needs are met, while at the same time reducing risk and vulnerability over multiple years and based on the comparative advantage of a diverse range of actors. The primacy of humanitarian principles will continue to underpin humanitarian action.

HUMANITARIAN FINANCING - INVESTING IN HUMANITY

- Commit to increase substantially and diversify global support and share of resources for humanitarian assistance aimed to address the differentiated needs of populations affected by humanitarian crises in fragile situations and complex emergencies, including increasing cash-based programming in situations where relevant.
- Commit to empower national and local humanitarian action by increasing the share of financing accessible to local and national humanitarian actors and supporting the enhancement of their national delivery systems, capacities and preparedness planning.

Invest in Humanity

HUMANITARIAN FINANCING - INVESTING IN HUMANITY

- Commit to promote and increase predictable, multi-year, unearmarked, collaborative and flexible humanitarian funding toward greater efficiency, effectiveness, transparency and accountability of humanitarian action for affected people.
- Commit to invest in risk management, preparedness and crisis prevention capacity to build the resilience of vulnerable and affected people.
- Commit to broaden and adapt the global instruments and approaches to meet urgent needs, reduce risk and vulnerability and increase resilience, without adverse impact on humanitarian principles and overall action (as also proposed in Round Table on "Changing Lives").
