1. Highlight the concrete actions taken between 1 January – 31 December 2017 to implement the commitments which contribute to achieving this transformation. Be as specific as possible and include any relevant data/figures.

International Planned Parenthood Federation (IPPF) underwent an extensive process in developing a Gender Equality Strategy, based on the conceptual framework around the gender-equality continuum as a management tool, ecological model and life course approach. This process informed the development of the Gender and Inclusion Guidance Note which focuses on gender-responsive programming and the inclusion of persons with disabilities and sexual and gender minorities. These values are in line with the IPPF strategic framework, as well as the overall Humanitarian Strategy. Connected to this will be a SoP system developed for Member Associations on national level, Regional Offices and Humanitarian Hub. This includes a robust safety and security system for deployable staff.

1. Highlight the concrete actions taken between 1 January – 31 December 2017 to implement the commitments which contribute to achieving this transformation. Be as specific as possible and include any relevant data/figures.

Gender-based violence prevention and response

The International Planned Parenthood Federation (IPPF) established a Humanitarian Hub and developed a Humanitarian strategy, based on international rights-based agreements and with built-in accountability framework to be rolled-out across the Federation.

Focus is to ensure that sexual and reproductive health and rights (SRHR) is integrated into national, regional and global emergency response policies and disaster management frameworks. An integral part of this approach is building institutional capacity of Member Associations to respond and prevent gender-based violence (GBV) in crisis settings.

1. Highlight the concrete actions taken between 1 January – 31 December 2017 to implement the commitments which contribute to achieving this transformation. Be as specific as possible and include any relevant data/figures.

Strengthening national/local leadership and systems

The International Planned Parenthood Federation (IPPF) Humanitarian Hub supports Member Associations to scale up their operations to provide life-saving sexual and reproductive health (SRH) services during crises. Member Associations are nationally registered organisations, well established as SRH service providers and advocates for sexual and reproductive health. In 2017, key humanitarian staff were hired, including a range of technical experts with significant experience in sexual and reproductive health in emergencies. Key systems and processes were set-up to ensure IPPF can deliver on humanitarian programming and successfully mainstream humanitarian programming across the organization and its Member Associations.

2. A. How are you measuring progress toward achieving your commitments? Only the categories selected by the organisation will be seen below.

- Through existing, internal systems or frameworks for monitoring, reporting and/or evaluation.

B. How are you assessing whether progress on your commitments is leading toward change in the direction of the transformation?

Qualitative review of localized responses that are led by Member Associations. For example, the response to the flood situation in September in Nepal was led by the Member Association (Family Planning Association of Nepal), with technical support from the Hub.

1. Highlight the concrete actions taken between 1 January – 31 December 2017 to implement the commitments which contribute to achieving this transformation. Be as specific as possible and include any relevant data/figures.

International Planned Parenthood Federation (IPPF) Member Associations (MA) are encouraged to engage in national level preparedness mechanisms in order to advocate for sexual and reproductive health (SRH) in emergencies, and collaborate with key partners.

For example, during trainings in Samoa, Fiji and Tonga, a representative from the respective National Disaster Management Offices (NDMOs) orientated participants to the country coordination mechanisms and response activation system. In Samoa, the humanitarian team collaborated with the NDMO to adapt a half day disaster response simulation exercise to include sexual and reproductive health and rights (SRHR) scenarios and include role plays on attending cluster meetings and advocating for Minimum Initial Service Package (MISP) implementation. In Vanuatu, the MA attended the Health Cluster and Protection Cluster Meetings during the Ambae Volcano Response and was able to advocate for the provision of MISP in these forums. The Afghanistan MA, AFGHA, is an active member of the Reproductive, Maternal, Newborn and Child Health (RMNCH) Emergency Committee, gathering a range of national humanitarian NGOs as well as other stakeholders active in the country. AFGHA also participates in the Reproductive Health Cluster. The Sri Lanka, Indonesia, Myanmar and Pakistan MAs all took part in national level coordination meetings.
