

Self Report for 2018 on World Humanitarian Summit Commitments and Initiatives - European Union

Annex

Additional information in relation to self-report on shift 4B (Anticipate, do not wait for crises)

ACP-EU Natural Disaster Risk Reduction Program

Material published in 2018 related to the ACP-EU Natural Disaster Risk Reduction (NDRR) Program can be found below:

- The 2017-2018 ACP-EU NDRR Activity Report is available in English [here](#) and in French [here](#).
- The 2017-2018 Result 2 Activity Report is available [here](#).
- The Hurricane Irma Recovery Needs Assessment – Executive Summary is available [here](#).
- The Dominica Post-Disaster Needs Assessment following Hurricane Maria is available [here](#).
- The Tonga Post-Disaster Rapid Assessment is available [here](#).
- The Somalia Drought Impact and Needs Assessment [Executive Brief](#), [Volume I](#), [Volume II](#) and [Volume III](#) were published.
- Four reports on recommendations for advancing national disaster risk financing strategies for [Belize](#), [Grenada](#), [Jamaica](#) and [Saint Lucia](#) were published.
- A Knowledge Note on urban flood risk management in the Pacific is available [here](#).
- A Vulnerability Assessment of road networks in Pacific Island Countries is available [here](#).
- The Proceedings and Knowledge Report of the third edition of the World Reconstruction Conference is available [here](#) and the Executive Summary [here](#).
- A Results in Resilience story on the Fiji Climate Vulnerability Assessment is available [here](#).
- A Results in Resilience story on Improving Risk Information in Tanzania is available [here](#).
- A Results in Resilience story on Enhancing Disaster Preparedness in Togo is available [here](#).
- A Results in Resilience story on Building Community Resilience in the Solomon Islands is available [here](#).
- A Results in Resilience story on Strengthening Hydromet Services in Lesotho is available [here](#).
- A Results in Resilience story on Using Unmanned Aerial Vehicles to Assess Disaster Risk in Fiji and Tonga is available [here](#).
- A Results in Resilience story on Informing Fiscal Resilience Efforts in the Indian Ocean is available [here](#).
- A Results in Resilience story on Supporting Resilient Reconstruction in Dominica Following Hurricane Maria is available [here](#).
- A video showcasing the Caribbean Disaster Risk Financing Technical Assistance project is accessible [here](#).
- A highlight video of the Knowledge Partnership Day and Focus Day is available [here](#).
- Videos of ACP Delegates' interviews during the Knowledge Partnership Day and Focus Day are available [here](#).
- A video on the third meeting of the Small Island States Resilience Initiative (SISRI) Practitioner's Network of May 2018 is available [here](#).

Additional information in relation to self-report on shift 5B (Invest According to Risk)

ACP-EU NDRR Program

Additional material related to the Caribbean Disaster Risk Financing Technical Assistance project, implemented under the ACP-EU Natural Disaster Risk Reduction (NDRR) Program can be found here:

- Four reports on recommendations for advancing national disaster risk financing strategies for [Belize](#), [Grenada](#), [Jamaica](#) and [Saint Lucia](#) were published. The reports aim to propose potential considerations for the formulation of a country-specific comprehensive disaster risk finance strategy to the governments of Saint Lucia, Belize, Grenada and Jamaica. They are based on the assessment of the legislative, financial management, fiscal, and insurance market environment of the respective countries.
- The Caribbean Disaster Risk Financing Technical Assistance project is also featured in the ACP-EU NDRR Program Activity Report for 2017-2018, including in an "In Focus" section (page 25), accessible [here](#) and in French [here](#).
- A video showcasing the Caribbean Disaster Risk Financing Technical Assistance project is accessible [here](#).

Africa Disaster Risk Financing (ADRF) Initiative

Material related to the ADRF Initiative activities in 2018 can be found below:

- The ADRF Initiative Activity Report for 2017-2018 is accessible [here](#).
- A Program Brochure is accessible [here](#).
- The Uganda Country Snapshot highlights the ADRF Initiative's support to the government of Uganda in the frame of the Northern Uganda Social Action Fund Phase 3 (NUSAF3) project. The document is accessible [here](#).
- The Kenya Country Snapshot and Country Profile highlight the ADRF Initiative's support to the government of Kenya in establishing a crop and livestock insurance program to insure the vulnerable pastoral households just above the social safety net threshold to avoid households accessing benefits from different programs. The Country Snapshot is accessible [here](#), and the Country Profile [here](#).
- The report Financial Protection Against Natural Disasters in Mozambique, published outlines the risk profile and impacts of disasters, fiscal disaster management, and insurance solutions against disasters in Mozambique. The report is available in English [here](#), and in Portuguese [here](#).
- The World Bank organized the 2018 Social Protection and Jobs South-South Learning Forum (SSLF) from 19 to 22 February 2018, in Frankfurt, Germany, which focused on *Building Resilience through Adaptive Social Protection*. The ADRF Initiative enabled the participation of 30 delegates from 13 African countries to this event: **Comoros, Ethiopia, Kenya, Lesotho, Madagascar, Malawi, Mali, Mauritania, Mozambique, Niger, Sierra Leone, Swaziland and Uganda**. The SSLF was an opportunity to showcase the work undertaken under the ADRF Initiative in different sessions, including the Commissioner of Disasters from the Government of Uganda who showcased the work on shock-responsive social protection. The report is accessible [here](#).
- A Results in Resilience Story showcases the support provided by the ADRF Initiative and the ACP-EU Natural Disaster Risk Reduction Program to South West Indian Ocean (SWIO) islands to improve their understanding of the region's disaster risks, as input for the future implementation of Disaster Risk Financing Mechanisms. The Results in Resilience Story is available [here](#).
- An article was published on the World Bank website titled *Tackling the drivers of East Africa's surprising earthquake risk*. It highlights the ADRF Initiative's work on seismic risk in the East Africa Rift Valley, including the organization of the *RIFT2018 - Regional Seismic Risk and Resilience Workshop* in Nairobi from 19-21 September 2018. The article is available [here](#).
- A World Bank Feature Story was published titled *Across Africa, Disaster Risk Financing is putting a resilient future within reach* and outlines the objective of the ADRF Initiative and specific examples of activities and results under its three operational components. The Feature Story is accessible [here](#).
- An article was published in July 2018 describing the work undertaken by the ADRF Initiative to develop the nine national disaster risk profiles. This article outlines the context and importance of this activity, as well as the method, accuracy and the first applications achieved through the development of the risk profiles. The article can be accessed [here](#).
- In the frame of the second Open Cities Africa regional meeting organized in Tanzania in August 2018, an article was published which is available [here](#). A video was also produced during this event, available [here](#).
- The Open Cities Africa teams have begun developing, blogs conference presentations, and other media of their methodologies, accomplishments, challenges, and lessons learned. These insights contribute to a more robust information infrastructure in these urban areas and regionally across sub-Saharan Africa.
 - The media for Pointe-Noire, Republic of Congo is available [here](#).
 - The media for Kampala, Uganda is available [here](#).
 - The media for Monrovia, Liberia is available [here](#).
 - The media for Accra, Ghana is available [here](#).
 - The media for N'gaoundéré, Cameroon is available in French [here](#).

EU-WB/GFDRR Global Partnership on Disaster Risk Financing Analytics (DRF Analytics):

The following documents are publicly available:

- a [brochure](#) about Disaster Risk Financing Analytics;
- the [online training course](#) on Disaster Risk Financing Analytics; and
- the [Delegate Program](#) on the Executive Education Program on Disaster Risk Financing and Financial Protection, held at the University of Cambridge, UK in July 2018.
