The **Emir Abd el-Kader Award** Ceremony on 21 September 2016 at the Headquarters of the Djanatu al-Arif Foundation in Mostaganem was attended by nearly 3,500 participants. An exceptional event by its nature, scope and message.

Coming from all regions of Algeria and abroad, the attendees were a cross section of society in the presence of the Minister of Culture, seven former Members of Government, a Secretary of State and Minister of Belgium, Several Ambassadors and Consuls, Generals, Walis, Sheikhs of Tariqas (Sufi Orders), as well as the Mayors of Mostaganem and the City of El Kader in the USA.

### A Magical place to host the event: the Headquarters of the Foundation Djanatu Al Arif

The first edition of the “EMIR ABD EL-KADER AWARD FOR THE PROMOTION OF LIVING TOGETHER AND PEACEFUL COEXISTENCE AROUND THE MEDITERRANEAN AND IN THE WORLD” was held in this magnificent location.

For nearly two weeks preparations were in full swing with numerous volunteers from Djanatu al-Arif Foundation and AISA ONG Internationale actively involved creating the best conditions for the ceremony and welcoming a very large public. Everything: gardens, roads, buildings, animal pens (horses, cows, goats, etc), ponds, fountains, all had to be in perfect working condition.

Two large marquees seating more than 1000 attendees were installed and equipped with a stage and giant projection screen. Most of the guests had chairs, while the right part of the stage was covered with carpets for the tolbas who would recite the Qur’an for a spiritual tribute to the Emir. A large Bedouin tent (Khayma) was installed in the garden to welcome personalities during the dinner.

In a Festive Atmosphere

From the beginning of the afternoon, attendees of all ages enjoyed the gardens, accompanied by family and friends in an ambiance of joy, fraternity and love in honour of the Emir Abd el-Kader who’s thought and values continue to inspire and enrich us through time.

In tribute to the Emir, rider emeritus and a great lover of horses, mounted traditional riders greeted the attendees on their arrival. Bands playing traditional music brightened the atmosphere with the sounds of guitar and drums.

This atmosphere accompanied the attendees throughout the afternoon until the evening meal shared with friends or family on the lawns.

The Award Ceremony

Initiated by AISA International ONG, Djanatu Al-Arif Foundation and the International Med 21 program, the Award was given to three personalities: Mr. Lakhdar Brahimi, South Shore Laureate, former Algerian Foreign Minister and former Deputy Secretary General of the League Arab States and the United Nations, Mr. Federico Mayor, North Shore Laureate, former Spanish Minister and former Director-General of Unesco and Mr. Raymond Chrétien, Laureate for the Rest of the World, former Ambassador of Canada and President of the International Mayors’ Observatory on Living Together. The profiles of the laureates perfectly illustrate the level that the organizers wished to have for this Award, in line with the exceptional figure of the Emir Abd el-Kader.

The ceremony began with the Algerian national anthem and was followed by the speeches of the Wali of Mostaganem Mr. Abdelwahid Temmar, Mr. Azzedine Mihoubi, Minister of Culture, Sheikh Khaled Bentounes and Professor Mohamed Aziza. The Minister greeted the assembly by pointing out that it is uncommon for so many people to attend this type of ceremony. He then stressed the urgent need to commit all efforts to the Culture of Peace and Living Together and emphasized the fact that this Award is an important step in this direction. The personality of the Emir was at the centre of all the speeches. Sheikh Khaled Bentounes recalled the importance of education to the Culture of Peace and Living Together for today and for generations to come.
LAUREATE SOUTH SHORE: Mr Lakhdar Brahimi

The Award for the South Shore was given to Mr. Lakhdar Brahimi by the Minister of Culture and Sheikh Bentounes. In his address, Mr. Brahimi began by paying tribute to Sheikh Al-Alawi, founder of the Sufi Alawi order and originator of the site of the event. Also to all those who followed him and have worked for the service of the order and this place.

He then requested that we “not leave the field open to intolerance, amalgamation and mixing of types” before adding “that it is not permissible to conceal the origin of the conflicts that bloody some of our countries, the flood of millions of refugees ... was foreseeable, and was foreseen.”
LAUREATE NORTH SHORE: Mr Federico Mayor

Mr. Federico Mayor, unable to travel for health reasons, was represented by His Excellency Mr. Alejandro Polanco, Ambassador of Spain, to whom the North Shore Award was presented by Mr Idriss Jazairi and Mr Hamid Demmou, President of AISA International NGO.

Mr. Mayor wanted his recorded video message to be shown and it was displayed on the giant screen. He mentions that “the key word is sharing,” and adds “Emir Abd el-Kader is a symbol of tolerance and fraternity that today’s world has need of and we must use it to inspire ourselves in our daily behaviour”; then he noted “We tried to substitute the G6, G7, G8, G20 for the United Nations. How can a few groups of countries have the governance of the world in their hands? We must rebuild the United Nations system to prevent the horror of war for future generations.” It will end by rejecting the saying “if vis pacem, para bellum”, “if you want peace, prepare for war” by affirming the contrary, “If you want peace, prepare for peace and I pledge to work in favour of Peace”.

During the Awards ceremony, the Wali of Oran, Mr. Abdelghani Zaalane and the Wali of Mostaganem, Mr. Abdelwahid Temmar accompanied by Mr. Bouras Elketroussi, President of the People’s Assembly of Wilaya and Mr. Abdelhamid Smain, Mayor of Mostaganem handed out gifts to all the laureates from the Wilaya and the city of Mostaganem.

The last speaker of the day was a special guest Mr. Joshua Robert Pope Mayor of the only city in the world that bears the name of El Kader, Clayton County seat, Iowa, United States. He came especially for the occasion when he discovered the country whose founder had given the name to his City.

In his emotional speech, he was proud to represent the City that bears the name of this illustrious personage and he mentioned the history of the birth of the City. It was in 1846 that three Americans, John Thompson, Timothy Davis and Chester Sage, decided to name their small camp which would become the City of El Kader. Emotion was at its height when the Mayor of Mostaganem symbolically handed the Key to the Town of Mostaganem to Mr. Pope who told us that it will be exhibited in his office at the Town hall of the City.

Conclusion

What to remember about this event and this Award dedicated to a man who marked his century and bequeathed the prosperity of this message: “If Muslims and Christians had wanted to lend me their attention, I would have put an end to their quarrels; They would have become externally and inwardly brothers”.

We hope that this Award will be the founding stone of the Foundation of the Culture of Peace and of Living Together in his country on this memorable day and that future generations see beyond their racial, cultural or religious affiliation and will build their future, one with the other and not one against the other. Together, each according to their means and abilities, in their turn humbly bringing to this initiative their share to build the abode of peace in order to reconcile the human family.
