To sustain the spirit of collaboration demonstrated at the World Humanitarian Summit and to ensure continued progress in the advancement of the Agenda for Humanity, UN Secretary-General Ban Ki-moon has called for the creation of the online Platform for Action, Commitments and Transformation (PACT).

### The platform displays

- Alignments with core commitments
- Individual and joint commitments
- Featured initiatives and partnerships

### Users can search for commitments by

- Core responsibilities
- Commitment types
- Stakeholders
- Regions
- Keywords

The platform's features will be expanded and updated over time. Some of the functionalities planned for 2017 include the options to make new commitments, record new alignments with core commitments and self-report on progress against commitments.
